

## FISHERY RULES

- Barbless hooks only
- Due to the weed and snags present in the specimen lake, ensure you can drop the lead quickly when targeting carp.
- Minimum line breaking strain must be 15lb when targeting carp and pike.
- Specimen Landing nets and unhooking mats mandatory for carp fishing.
- No open fires, Bivvys and shelters are permitted when pitched correctly on the designated swims on the specimen lake. This is not permitted on the Glades lake due to the close proximity of the nearby properties.
- No Excessive consumption of alcohol or any antisocial behaviour will not be tolerated.
- No spinning or lure fishing is permitted for pike. Dead baiting with single barbless traces and sea dead baits only is permitted October 1<sup>st</sup> – March 31<sup>st</sup>.
- A valid environment agency rod license must be held before fishing. Please see the post office website for more information
- We do not keep any bait or tackle onsite however there is a tackle and bait supplier located 20 minutes from the resort at Whiteacres. Please ask for more details.
- Please do not start fishing until you have a permit. Fishing prices are set per day, there is no discount for wanting to fish a few hours. Guests may purchase tickets in advance to take on any day(s) throughout their stay. Permits are checked by staff at the lakes on a daily basis.
- For anglers booking 24 hour sessions or longer your ticket time starts at time of purchase.
